SENT VIA E-MAIL:

msteffen@unionspringspharmaceuticals.com

Mark Steffens

National Sales Manager

Union Springs Pharmaceuticals

SUBJECT: MyClvns Product

The Atlanta Fire-Rescue Department recently received your company's MyClvns product that we will be able to place on every engine and truck. The relationship our Department is developing with MyClvns is due in part to the excellent customer service you and your company offered, and will continue to strengthen for years to come.

Your dedication to providing superb in-service training and assuring proper use of this additional-layer of personnel protection is more than appreciated. Taking time out of your busy schedule to meet and offer reassurance regarding documented testimonials from previous exposures where MyClvns was used definitely helped boost our confidence in your product.

If any additional information is needed or requested, feel free to contact me at mbeckman@atlantaga.gov or at 404-886-6893.

Best Regards,

Michael Beckman

EMS-Chief

Atlanta Fire-Rescue Department
